# Beautiful Gull Lake

Thousands of people thronged the various beaches at Gull Lake on Sunday last. And why not? There is no finer place in Alberta for picnicking or vacation than Gull Lake.

Five miles of beautiful white sand welcome bathers to the shore, while the clear, warm water of the lake is an enticement, hard to refuse. The hard sand of the lake bottom makes bathing more than a pleasure—there are no weeds on the bottom of the lake at any of the bathing beaches.

For those who desire to swim and dive in deeper water the new Government pier with its lately installed spring-boards awaits them. The pier which is approximately 600 feet long brings bathers out to a depth of seven feet of water. The new spring boards are located at the end of the pier. One of the boards is 5 feet above the water, while the other is 2 feet high. A real thrill can be had by diving from these boards, as they have a real spring to them.

This week the Government Bathing houses, located in front of the McDonald Hotel, were completed. There is a bathing house for men and one for women. Farther down the lake, in front of Woellner's store a cook house has been opened by the park management. These two conveniences will prove very welcome to holidaymakers and tourists.

The property of the Government, extends from the new bathing houses south for about 800 feet and is well treed. Visitors to the lake may hold picnics anywhere along this frontage. There is absolutely no charge for these conveniences, wood, etc. is all provided free to the visitors. People from far and near should avail themselves of the opportunity to visit the lake—they are assured of a real holiday.

For the young children, there is the large slide, which is owned by the Aquatic Club. This slide, which is twenty-eight feet long is located right alongside of pier. It is in water about 2 1/2 feet deep, and is therefore safe for even the youngest child. The big diving raft, which is also owned by the Aquatic Club will be placed in the water this week. This raft has two platforms equipped with spring boards one being 8 feet above the water and the other one 4 feet. This raft will be anchored in 8 feet of water. These acquisitions will help a lot to make your holiday more enjoyable.

Fast motor boats are racing about the lake at nearly every hour of the day. The fastest one on the lake at present is one owned by Ted George of Pinkey. This craft which is powered with a 35 horse power Johnson

under most able management it is a real place to spend a holiday. The camp is open to all boys and girls, and the various men who made this camp possible deserve the highest of praise.

The Baptist Camp at McLaughlin's Beach on the North East side of Gull Lake is also a lovely spot. Here hundreds of children of every age come to spend their holidays. This camp is well equipped, having sleeping huts, a large dining and meeting hall, as well as tennis courts, baseball grounds, etc. People young and old from far and near visit this camp often. Supervised sports of all kinds are indulged in, and make the boys' and girls' holidays most enjoyable, and when they leave this camp they are more healthy than before, therefore the amount of work and worry of the various teachers and supervisors is not wasted.

The Old Mill, which is located not far from McLaughlin's Beach is also an ideal place for a vacation. Like the other beaches, it is wonderful for bathing and boating and many people from the cities and towns come here for their summer holidays.

At Aspen Beach, the camp owned by Louis Ebelling receives a large share of the campers. On Sunday last, approximately 200 people were lined up on the beach in front of this camp, and every bit of shade available was utilised by the many picnic parties. Besides providing an excellent camping grounds, Mr. Ebelling has at his place an up-to-date store, where groceries of every kind can be obtained. He also handles ice cream, soft drinks and fruits of every description. Visit this camp, where you will be welcomed.

Any lover of the great outdoors will be in glory at Gull Lake. It is about 18 miles long and varies in width from three to six miles. The water is fairly shallow and is crystal clear. There are plenty of fish, and in the fall, the lake abounds with ducks and other waterfowl. No place could be more ideal for a holiday.

For those who desire to dance, two large dance halls await you. Real, poppy dance music is provided at both halls, as well as good dancing floors. If you wish to play tennis, there is a large concrete court at Mr. Sandbrook's place, which is located at the centre of Aspen Beach. Charges for the season or for single games are very nominal, and the court is always in good shape.

The old and well known game of horse shoes is also another past time enjoyed by many at the lake and several horse shoe courts are provided. One of the most beautiful golf

## DEATH OF JOHN SCHIRM

Another of our respected old timers died on Saturday last, in the person of John Schirm, for nearly thirty years a citizen of the district. He was in his 75th year. The funeral was held on Tuesday, and was attended by a large number of friends of the family. For several years deceased operated a foundry in Lacombe, but latterly has devoted all his time to farming north-west of town.

## Exhibit Takes First Prize

The Lacombe and District Board of Trade was again successful in winning premier honors at the Calgary Exhibition with their District Exhibit. The committee in charge had gone to considerable trouble to make this exhibit better than over from a display point of view. A display stand was built in Lacombe and taken to Calgary in sections, a large volume of grain and gold being carried out, and when filled with the splendid produce from the district, was illuminated with two 200 watt flood lights. It certainly was a credit to our district, and was greatly admired by everyone, the judges remarking that "it was the most beautiful display on the grounds."

Those who were responsible for this exhibit, the making up of the grain stacks, the fruit in jars, the decorations of grain, eggs, honey, etc., are too numerous to mention, but the Board of Trade wishes to particularly thank those who so willingly gave their time to go to Calgary and place the exhibit. They are Messrs. Chas. Abbott, Hy. Tramm, Norman Campbell, Don McFadden, Len Bolton, Wm. Bengtson, T. Wilkes, and our electrician Cyril Hestrey, who provided the excellent lighting scheme.

The exhibit is open to Edmonton on July 14, and any help that can be given by anyone in the way of providing samples of good grain, threshed or in the sheaf, sheaves of forage crops, or by going to Edmonton and lending a hand in setting up the exhibit, will be greatly appreciated. Let Jesse Fraser, Secy., know what you are prepared to do.

While Lacombe defeated Athabasca in Calgary, those in charge of the latter district exhibit, most naturally informed our representatives that they would make a special effort to win the laurels at Edmonton, and while Athabasca will make a good attempt, we do not think that Lacombe will be defeated—admittedly every body gives a helping hand.

## THREE CHILDREN DIE WHEN HOME BURNS

Calgary, July 9, 1930.—Alone in a blazing house, three children, aged 10 months to four years, perished last night when fire completely gutted their home at Thirty-seventh avenue and Seventh street northeast. By a stroke of fate, the oldest of the four children was absent from the home when the fire broke out.

The dead: Birdie Gillard, aged four years; Eileen Gillard, aged two years; Allan Gillard, aged 10 months. While the children died in flames, their father was suffering "hot dogs" at the unemployed booth at the exhibition grounds. He was hurriedly called home.

At 8:15 last night, Mrs. Henry Gillard, the mother, left her home to go to the residence of R. H. Field, 910 Thirty-sixth avenue north-east, to obtain a supply of milk. Her son, aged 6 years, was playing about the house at the time and after begging to be taken along was allowed to go.

A few minutes later a neighbor saw the house on fire. Mrs. Gillard was summoned and frantically cried that her children were in the home. The three children had been left at home in their bedroom on the upper floor of the two-story frame structure. Volunteers tried to get into the house to save them, but they were beaten back by the raging flames and terrific heat.

When the fire department arrived on the scene, all chances of saving the children were gone. The house was a blazing inferno. Handicapped by water, firemen from headquarters and No. 7 station, led by Assistant Chief Sandy Carr, struggled the flames with chemicals and then turned to hand pumps.

Their efforts were unavailing, however, and served only to prevent the blaze from spreading. By 10 o'clock the Gillard home was a charred, smoldering mass of ruins. Not a thing was saved.

The three children were found on a bed. The bed in which they were lying evidently under their bedclothes, the floor of the second floor is the ground floor. The metal springs of the bed were red while the springs were white hot.

One by one the charred bodies were removed from the bed and placed on the ground nearby, where a few minutes later, Dr. George R. Johnson viewed them and ordered their removal. No inquest will be held.

## TERRIFIC HAIL STORMS SWEEP OVER THREE WESTERN PROVINCES

Winnipeg, July 9.—Downhearted farmers in the west last night assailed the heavy toll of hailstorms which raked across three provinces. From Eastern Alberta in a jagged damage line southward to Central Southern Manitoba, had wrecked promising crops in many areas and caused partial loss in extended sectors. Probably the most depressing dam-

Sea Horse outboard motor will travel at a speed of around 50 miles an hour. People at the lake last Sunday report that they never saw anything travel as fast as this little boat. Many people desired to ride in it—and equally as many were not over-anxious for a trip in it. This season on many new motor boats have been placed on the lake—boats of every description, from small cabin cruisers to sport cruisers. More canoes, sail boats and skiffs are in evidence this year than have been out for many years. This can be credited to the building of the new pier.

Besides these things, the natural beauty of Gull Lake is well going many miles to see. It is practically edged with trees for its entire circumference. Many points run out into the lake, and these places make ideal picnic grounds.

Although Aspen Beach is the main beach—there being more cottages, there are several equally beautiful beaches. Brownlows Landing on the West side of the lake, is ideally located for a summer camping place. Situated on a large bay, Brownlows Landing is thus protected from the storms. This beach is about four miles from Bentley, and has every convenience for tourists or campers. Near the landing is located the United Church Boys and Girls Camp. This camp is right alongside of the meridian and has a wonderful bathing beach in front of it. Many boys and girls avail themselves of this opportunity to camp at the lake, and

courses in Alberta is located at Lacombe, just eight miles from Aspen Beach. Besides being the most beautiful, this course is one of the trickiest. The fairways and greens are always kept in perfect condition, and visitors from Gull Lake should not fail to avail themselves of the opportunity to play on this course.

The main highway will be completed in the near future, and it will be a first class road. Although it will not be completed for this season, it will be finished by next season.

The Government Park, which is now under construction, should also be in readiness for next season. Forget your troubles and business worries and spend a real holiday at Gull Lake—Alberta's most beautiful lake resort.

## STRUCK BY LIGHTNING

During Monday's storm, lightning struck the Lacombe School building, starting a fire, which was fortunately discovered before any damage was done. The bolt struck the flag pole, and set fire to the roof, the blaze being quickly subdued by the fire brigade.

The home of H. Switzer, near Ten Canyon was also struck the same afternoon. The chimney of his house was demolished and considerable damage done to the inside of the house. Fortunately no one was hurt.

House on Barnard Ave., for sale or rent. J. W. Willett.

## CATERPILLAR Summerfallow

More Acres This Year

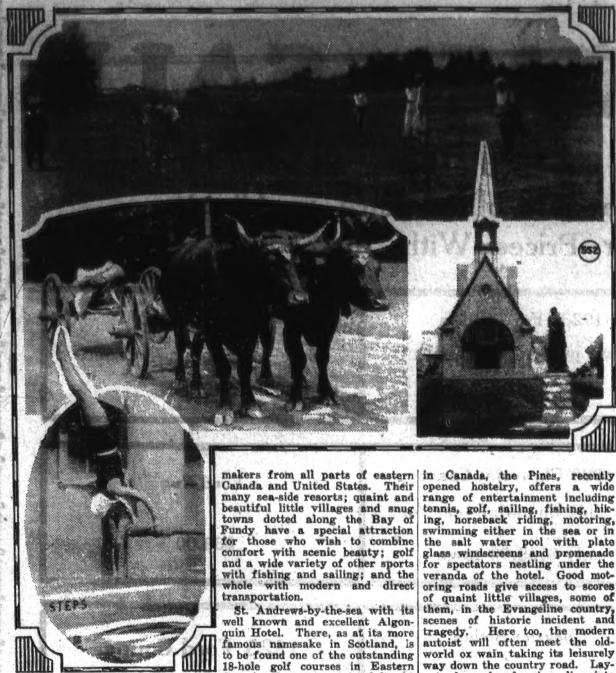

Will summerfallow more land per day than any other power unit you can use. Its wide cleated track grip without treading, enabling these plants of power to pull wider discs and heavier harrows through sandy soil or bottom land—on this level or on the side hills. More land summerfallowed this year means bigger profits next. Put a CATERPILLAR in your fields and build up next year's profits.

## The Lure of the Maritimes

The Maritimes hold a proud and well-merited place in tourist popularity as well as being a favorite territory for holiday-makers.

makers from all parts of eastern Canada and United States. Their many sea-side resorts; quaint and beautiful little villages and snug towns dotted along the Bay of Fundy have a special attraction for those who wish to combine comfort with scenic beauty; golf and a wide variety of other sports with fishing and sailing; and the whole with modern and direct transportation.

St. Andrews-by-the-sea with its well known and excellent Algonquin Hotel. There, as at its more famous namesake in Scotland, is to be found one of the outstanding 18-hole golf courses in Eastern Canada where many a hard-fought championship has been decided. Again, take Digby on the Bay of Fundy. Set in some of the most beautiful, old-world scenery

In Canada, the Pines, recently opened hotel, offers a wide range of entertainment including tennis, golf, sailing, fishing, hiking, horseback riding, motoring, swimming either in the sea or in the salt water pool with plate glass windscreens and promenade for spectators nesting under the veranda of the hotel. Good motoring roads give access to scores of quaint little villages, some of them, in the Evangeline country, scenes of historic incident and tragedy. Here too, the modern tourist will often meet the old-world or wain taking its leisurely way down the country road. Lay-out shows hand-spring dive into the Pines Hotel pool; Evangeline country showing church and statue at Grand Pre; and section of course at St. Andrews.

### TEACHER WANTED

Experienced teacher wanted for Meadowbrook school. Apply stating qualifications and salary expected to, Will Kinley, Sec.-Treas., R. S. Lacombe.

If we don't blame them, and incidentally throw them out for it, they will take no action in the matter. Furthermore, of course, it is useless to replace them by another party who cannot lead to any improvement.

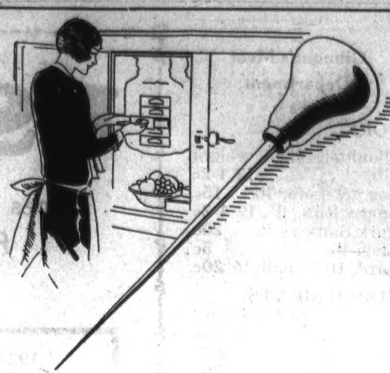

If the theory held by some that there are too many people in the world, is correct, then the war was a God-send. It certainly caused a lot of men to emigrate most effectively, incidentally, giving other men employment in assisting in the process. The destruction of property caused by war and by the way, very little of it took place in Canada, should and did relieve the situation by furnishing work in replacing destroyed property. As regards the destruction of capital, if by that you mean money, that did not take place during the war, as all nations, I think, without exception, came out of the war with Bank deposits more than doubled in many cases. If you mean capital goods, i.e., factories, railways, roads and farms, etc., then again the facts are against you. Great Britain's producing capacity increased by over 50 p.c. during those war years, and probably Canada did the same or more, in spite of the fact that in Great Britain 7,000,000 men were out of work, i.e., fighting. Please, if not producing, but consuming. As far as gold is concerned, Canada is a gold producing country, and therefore would have gold to export.

Now, I do not claim to be a statesman, but as I have ascribed blame, I suppose I must now suggest a remedy. But first let us slightly particularize the disease, as space forbids much.

Our Premier, Mr. McKensie King, rightly draws attention to the high records made by industry, in bringing into existence new forms of wealth, in steel, minerals, newspaper, etc., and quite likely wheat would have figured in the records, except for adverse weather conditions.

In other words, the power of industry to give us the things we need, was never greater. The demand or desire for those things was never more insistent. We are desiring, nay demanding, better roads, better houses, better cars, better living conditions, all necessitating more employment. Now, Mr. Editor, what is it that is coming between that desire and its fulfillment—nothing less than a breakdown in the medium of exchange (the money system).

Now, one of the first conceptions which is driven home, to a constant critic of the money system is the curious, and widely spread idea, which seems to exist, to attribute our troubles to anything but the money system. From one quarter you will be told that it is the incorrigible laziness of what is called "labor," which is at fault. On the other hand, the rapacious employer is the difficulty, or lack of education, or too much education, or obsolete tools, or too many tools, or the climate, or even sun spots. Generally we are given to understand that if only we went to church probably our income would be increased. Perhaps before going any further, it would be well to define money. Money comprehends every sort of document or token generally used in payment of debts. This money is all practically paper money, and is nearly costless. All money in the hands, or banking accounts of the public originally came into existence in the form of loans from the Bank. It can come from nowhere else nor otherwise than as a loan. You don't make money when you produce a car, a loaf of wheat or an automobile. The procedure is as follows:—Money is printed (only a small amount) or written into existence by the Banks. It enters into circulation as a loan to somebody, then spent, and it becomes a deposit of the receiver. Now the amount of money in circulation at a given time depends solely on the action of the Bank, according to Sir Reginald McKensie, chairman of the world's largest bank, the Midland, of London. To proceed, the price of an article depends on the amount of money available to buy it. Any farmer knows that if there is plenty of money around, he can sell a horse for a fair price, but if money is scarce, as at present, he cannot sell the horse at any price. This countless thing money, being now scarce owing to the policy of the banking system, we

## Almost Obsolete

..... the ice pick

And now instead of hacking away awkwardly while splinters of ice fly here and there—you simply lift out the tray full of frozen cubes. They're just the right size, easily handled, always ready.

Now, too, you can have your frozen desserts ready in the short space of time it takes to prepare dinner—put them in the freezing compartment of the Electric Refrigerator when you start, and at dinner time they are perfectly frozen.

Convenient? Of course. But more than that—a health essential. For medical authorities now say perishable food is safe from spoilage only when kept in a temperature of below 50 degrees. The dry cold of the Electric Refrigerator remains below 50 degrees the year round.

From every standpoint the Electric Refrigerator is an essential convenience to the modern housewife.

Your Electrical Supply Dealer will give you all information.

### DON'T LET SUNBURN SPOIL YOUR VACATION

The sparkling sun beats down—friendly yet treacherous... painful hours follow. Splash Absorbine, Jr. on the red, painful skin. You will find that it cools and soothes, instantly taking out all soreness and inflammation. The next day only a slightly deeper color of tan is the reminder of your day's sport. Absorbine, Jr. is not greasy and will not stain the skin. Keep Absorbine, Jr. handy for insect bites, cuts, bruises or wrenches. It is an invaluable vacation aid, as its antiseptic properties guard against infection. Prepare yourself with a bottle today, ready to pack in your bag. With Absorbine, Jr. you can face holidays with the pleasant, satisfactory assurance that sunburn will not spoil a minute of your vacation. At your druggists, \$1.25 a bottle.

### BORN

Pendergast—at Red Deer Hospital, on July 6th, 1930, to Mr. and Mrs. James Pendergast, (nee Miss Eva Riddich), a daughter, Patricia Joan.

## Edmonton Exhibition

All roads will lead to Edmonton the week of July 14th to 19th when the big annual Exhibition is on, in the Capital City.

The finest programme of attractions ever presented to Exhibition patrons has been secured for this year's event, and the new midway shows—Morris & Castle—will doubtless attract thousands of patrons.

Some last-hour changes and additions have been made to the general entertainment programme, and these will include a basketball tournament and some athletic and track events.

A. B. Warren, Vice-President, of the Canadian National Railway, Western Lines, will officially open the 52nd Annual Edmonton Exhibition on Monday, July 14th.

The gates will be opened to the Public on Monday at noon, and the general programmes will be varied from day to day. On Tuesday and Wednesday, the Cat Show will be held, with the Big Dog Show on Tuesday, Wednesday and Thursday.

A canary and cage bird show will be held on Thursday and Friday, and in the horticultural department, various cut flowers will be shown on stated days; the roses and peonies will be shown on Wednesday, and the sweet peas on Thursday.

The Provincial Government Boys' Camp will be held Thursday and Friday; the boys will live under canvas in the big camping grounds, adjoining the Edmonton Exhibition grounds, and an interesting and educational programme is being planned to keep them busy.

The livestock judging, generally commences on Tuesday morning. It is hoped that all the judging of school work, arts, women's work, etc., will be concluded before the opening of the Exhibition.

A 25c. admission fee will be charged all day Monday, for Adults. This is one-half the usual rate.

The various days at the Edmonton Exhibition have been named as follows:

Monday—Official Opening and Children's Day.  
Tuesday—Farmer's Day.  
Wednesday—Citizen's Day.  
Thursday—Old Timers' Day.  
Friday—Press Day.  
Saturday—Midway Day.

### NOTICE OF SALE

Notice is hereby given under section 48 of the Domestic Animals Act (Municipalities) that One Bay Mare, white face and white hind feet, branded on right jaw was impounded in the pound kept by J. W. May on the N.W. 21-41-25-4, on the 4th day of June 1930 and the said animal was sold on the 16th day of June 1930.

The said animal may be redeemed by the owner or on his behalf within a period of thirty days after the publication of this notice in the Alberta Gazette upon payment of all fees and costs due the Municipality and the purchaser of the said animal, F. R. May. For further information, apply to the undersigned.

## We're TIRE LIFE SAVERS

PERHAPS right now you've got a tire in the rogue's gallery of your garage which could be put back on the road for hundreds or thousands of miles by an inexpensive repair. Bring them to us. We won't recommend a repair unless we honestly think the tire is worth it. And if we do repair it we'll use Goodyear Factory Methods and genuine Goodyear Repair Materials. And we'll keep the cost low.

Goodyear Tube Repair Kits take care of emergency repairs on the road. One may save the price of a new tube or tire and a lot of time and trouble. They come in three sizes—at low prices.

## A. M. CAMPBELL'S

### Rimby News

MUNICIPAL DISTRICT  
OF BLANDMAN NO. 430

Called Meeting: Fifth Session.  
Rimby, June 28th, 1930.

A called meeting of the Council of the M.D. of Blandman, No. 430 was held in the High School building, at Rimby on Saturday, June 28th, commencing at 1.30 p.m. After notice of the meeting had been waived and signed, the minutes of the meeting of June 7th were read and confirmed. A statement according to Sec. 32 M.D. Act was on exhibition showing balances in Gen. a/c \$1078.62; Sup. Rev. a/c \$575.61; School a/c \$575.39; Educational a/c Nil; and in Wild Lands a/c \$59.50. Exemption from Wild Lands Tax on S.E. 8-44-2-20th was withheld for further consideration.

The application of Thomas McConnell for an old age pension, establishing one year's residence in this Municipal District was confirmed and application approved.

Secretary reported the deportation of the Robson family.  
On motion the application of Simon Robert Carson for old age pension was favored.

Notice was read of an injury to Glen Goings on Grant Road, H. Jordan, foreman of crew.  
A letter was read from Mr. MacPherson, Gov't Bridge Engineer, offering to instruct bridge crew to drive piers at certain location while at work in this district, provided plank for falsework was provided was approved.

A letter from the Department was read re: the payment of school arrears of taxes as soon as collected. This was ordered filed.

On motion the Secretary was instructed to add five hours to the pay sheet of the tractor crew for repair work done on the morning of May 10th.

The matter of the dealer from whom gasoline should be purchased, was left to the discretion of the foreman of the tractor crew.

A circular in respect to wood-preservation to be painted or otherwise applied to material for bridges and culverts, claiming to more than double the life of the wood to which it is applied, elicited favorable interest amongst the Councillors and it was ordered filed for future reference.

The necessity for the moving of the telephone pole near the bridge at Sixty's corner to make a favorable approach to the bridge at this peculiar location, was brought before the Council and was left with Councillor Dye to make any necessary arrangements.

Councillors Hewitt and Dye were appointed a committee of two to ne-

gotiate with Inspector Atkinson relative to hiring our tractor and engineer on government work at or near Windfield.

It had been reported that there was difficulty in establishing old country stakes and pits on or around diversions in Sections 8-42-2-20th and 17-45-1-20th. Matter left in hands of Secretary to investigate.

A letter was read from Mr. E. E. Hayward from M.D. to the West re: exchange of work with Whitesell. Not possible this year as no funds available but Council have no objection to use of tools and crew for this small job while they were working near the few roads in question in the M.D. to the West.

A letter from Weed-Inspector Whitney for attendance at Weed-Convention at Wetaskiwin was read and expenditure approved. He commended the District on their choice of a Weed-Inspector.

Motion by Twiss was passed that the Divisional charge of \$6.50 per hour cover all the wages of the tractor crew included in the help.

Form "B" recommendations as to Public Work to be undertaken were as follows:

Division 1 \$1203.86;  
Division 2 \$2065.90;  
Division 3 \$2701.25;  
Division 4 \$1448.20;  
Division 5 \$1060.50;  
Division 6 \$1153.86;

Motion by the Reeve that these recommendations be approved. Carried.  
Motion that the reply of the secretary to the University Hospital that Mr. Berry was able to finance his Hospital bill be confirmed. Carried.

Motion that the hospital bills re Fringle and Fillingham be not allowed on the grounds that at the time these bills were incurred, these patients were not indigents and were so advised by this Municipal District.  
Motion that the resignation of J. P. Henderson as grader-man and foreman of the tractor be accepted. Carried.

The Reeve read a letter handed to him by Paul Goings. This was a letter of recommendation of Paul Goings as Caterpillar Tractor Engineer which Paul had obtained from Alf. Pyle personally and which included a clause disparaging the ability of J. P. Henderson as grader-man. Motion that the grader crew be dismissed in its entirety. Carried (4) voting in favor, (2) against.

D. A. Whitesell was engaged to operate the grader while at work in the Village only and J. O. McCullough bal. of the season in Division (6).

On motion it was carried to ballot on the names of Paul Goings and Gordon Budd for the position of Engineer.

Balloting gave Gordon Budd (4)

votes and Paul Goings (2). Motion that Gordon Budd be engaged as tractor engineer for bal. of season. Carried (4) voting for and (2) against. Before voting or balloting took place, Mr. J. F. Lemon being present requested permission to address the Council and this being granted, he recommended Bud as being an efficient and reliable engineer.

The date of the next meeting was changed from July 5th to August 2nd by rescinding the previous motion in this connection.

Bills: Division 1 \$62.30

General a/c ..... \$140.40  
Division 1 ..... 62.30  
Division 2 ..... 126.40  
Division 3 ..... 1.10  
Division 4 ..... 169.90  
Division 5 ..... 233.25  
Division 6 ..... 6.40  
Grant ..... 40.30  
Tractor ..... 825.50  
Motion by Reeve, bills be paid if found correct. Carried.

Motion Councillor Howitt, the Reeve and Secretary be empowered to borrow for Gen. a/c not exceeding \$1500.00. Carried.  
Adjourned 5.15 p.m.

W. A. Saunders, Sec.-Treas.
